

Updates from our Chamber and Partners in Prosperity

Stay Safe, Stay Distanced. As summertime suggests the feeling of freedom, we must continue and recognize physical distancing and sanitizing. Albeit, with outdoor events, recreation and socializing, it is a hard message to follow, yet we must appreciate it as is part of the battle plan.

Businesses are doing a fantastic job of doing their part to ensure we are staying safe. Handy (yes, handy) sanitizer, arrows, signs on doors, floors and just about everywhere help remind us to share in the responsibility to see our businesses remain open, regaining a solid stance towards a better economy. Each open day is another move forward.

Shopping and supporting local business is not a new message either. This message is shared across the Chamber network, community groups, and repeatedly on social, paper and radio platforms. Canada United, a national movement to rally Canadians to *Shop Local*, helps give our businesses the support they need. Beyond the social and shopping campaigns, Canada United is offering relief grants of up to \$5,000 to help Canadian small businesses. Canada United is on now and will build towards a national supportive weekend at the end of August. Your participation is easy:

Watch the Canada United videos online at GoCanadaUnited.ca. *'Like' the posts from @GoCanadaUnited on Twitter, Instagram, Facebook and LinkedIn and use #CanadaUnited to demonstrate support.* The Canada United Small Business Relief Fund will continue to grow as with every video watched and social media 'liked' RBC will contribute 5 cents to the grant fund. *Safely buy from our local businesses, all while leading up to a Canada United Shopping Weekend August 28th-30th.* Learn about the movement and, if you're a small business owner, get involved or apply for the Canada United Small Business Relief grant by visiting GoCanadaUnited.ca

Let's all do our part. Let's support Chatham-Kent business. Let's support Canada United!

As I head into the long weekend, our house will be host location to a birthday celebration for my parents, who both turn 86 in the coming days. While they have been weathering the crisis very well, they are gladly supporting shopping and dining again, all the while distanced and with their designer masks on. I am so proud of them. Yes, we have arrows, soap, wipes, sanitizer, distanced seating appropriately arranged outside.....I think we're ready for a well deserved family party.

Great news... The Match Eatery opens at Cascades Casino tomorrow and The Sons of Kent fully reopened, both nicely in time for a long weekend. It's Civic Holiday Weekend, let's be civic and support the many, many local destinations who will be counting on your visits and indulging in their offerings. On a sadder note, wishing Gino and Judy of Glitters Fun Eatery all the best as they bid farewell. Sadly, the doors of a great restaurant have closed. I know they dreamed of retirement at some point in the future, however, the COVID pandemic has forced these dreams to the immediate. These friendly hosts and caring owners will be greatly missed in our downtown and community.

There is considerable updates and information below. This information is to be shared, please pass it on.

As you celebrate this long weekend, please remember to stay safe, for you, family, friends and community. Eat Local, Shop Local, Be Local. It's the civic thing to do!

Yours in Prosperity, Gail.

Update from the Federal Government

Minister Ng participated in the first-ever virtual Asia-Pacific Economic Cooperation (APEC) trade ministers meeting to discuss strengthening rules-based trade, and upholding stable and predictable global supply chains. During the virtual meeting, Minister Ng announced Canada's intention to move forward with Phase II of the APEC-Canada Growing Business Partnership.

This partnership, which began in 2016, has helped Canadian innovative entrepreneurs start up, scale up, access resources and connections in the Asia-Pacific region – with a focus on sustainable development. Phase II will help small businesses reduce barriers to trade, give back to their communities, and build economies that work for everyone – including women.

Minister Ng and her Asia-Pacific counterparts also signed onto [a joint statement](#) reaffirming their commitment to work together toward a path of inclusive, sustainable, and quick economic recovery for citizens and small businesses amid the global pandemic.

This meeting builds on the recent ministerial [APEC joint statement on COVID-19](#) that highlighted Canada and its APEC partners' unwavering commitment to collaborate on mitigating the health and economic impacts of the pandemic on our people.

The COVID-19 pandemic has had an impact on local economies and global supply chains. Canada is a trading nation, and our government is committed to continue building opportunities – helping our businesses succeed in the global market place as we build back better.

We will always work with international partners to build on collective knowledge, experience, and innovation to support small businesses and all Canadians amid this global health and economic crisis.
