

## COVID-19 - Updates from our Chamber and "Partners in Prosperity"

Dear Members and Associates:

This past weekend was refreshing. Hubby and I spent the majority of our time outside, walking, working on the yard, chilling in the night air. It felt good. This brings about anticipation for the days we can expand our territory. We regularly 'vacation' in Chatham-Kent, visiting restaurants, parks, waterways, retailers and great hot spots spattered across our municipality. We will indulge again, no doubt, and are fortunate to have 'all that' at our doorstep. We have a growing list of local spots that we can't wait to visit again, or for the first time. People and business are cautiously ready to expand their COVID-19 borders. As we live to shop local, also remember to support local through revisited 'experiences' and of new 'memories' too. I encourage you to make your Chatham-Kent 'bucket' list of places you would like to visit or and things to do this summer, or fall, or .... Like a dog unleashed, our time will come to run and explore.

This week, we are offering webinars for business through the Canadian Chamber and Ontario Chamber of Commerce, and open to all business sectors and sizes.

***Merger and Acquisition Strategies, Succession Planning and Preparing for Recovery*** - Being held this Wednesday, May 6<sup>th</sup>, at 2:00 pm, please register at link below. A live interactive discussion will help you understand how businesses are thinking about M & A strategies, success and planning for eventual rebound as we emerge from lock-down.

***Clarifying Government Relief Programs for Business*** - Being held this Thursday at noon, please register at link below. The session, offered through the Ontario Chamber of Commerce, is open to all sectors and size of business. This conversation will address key questions about the Canada Emergency Wage Subsidy program and how it applies to employers across the province.

Feel free to share this, and below information.

## Update from the Canadian Chamber of Commerce

### ICC Launches SOS (Save Our SMEs) Website

The International Chamber of Commerce (ICC) has launched a new website for the SOS (Save Our SMEs) campaign. The website features key advocacy materials and is designed to help entrepreneurs find the insights and information they need to navigate through COVID-19. The Canadian Chamber of Commerce, Canada's national committee for the ICC, provides a platform for our members to become involved in International Chamber of Commerce activities.
