Subject: Task Force and initiatives?

Hello All. As you know, we are in circumstances that would never be imagined as a real life scenario. Yet, here we are. How quickly things are changing and not a glimpse of such within a Strategy or Business Plan.

As an organization that seeks prosperity of Chatham-Kent businesses, I am contacting you with support in developments on existing and new initiatives to help our businesses and community sustain and , trusting, prosper. We are all doing our part to ensure information is shared as expediently and timely as possible and, is so appreciated by all seeking assistance.

I would be most open to e-conversation/teleconference to pursue partnerships and organization of initiatives to help business and municipality venture through the new, unplanned, paths ahead. There are many talents and organizations to co-ordinate with....Sharing webinar strategy and advise? What of a Business Sustainability Task Force? A Community Recovery Task Force? These can include an assembly of contributors and deliverables within - with partnerships of Chamber, BIA, Financial Support, Municipal Depts, only to briefly list.....possibly revised strategies for Community Leaders Cabinet?

Putting some initial thought and query out there. I am certain there are others that could be included in this communication.

Stay Safe My Friends. Together, yet physically distanced, Chatham-Kent is stronger. Look forward to further conversations....

To a Healthy Future, Yours in Prosperity, Gail.
